- 2 Pairs in Gift Box **2 pairs for \$7.19**

FIRST TO ENROLL . . . Mrs. Billie Walker of Torrance (left) is the first student to be accepted by El Camino College for its 1968 class in the nursing program. Instruction in the program will begin next September. Mrs. Walker is shown observing work of current student Susan Mikel.

Torrance Woman First Nursing Student at ECC

Mrs. Lawrence Walker of 3808 W. 180th St. today was named as the first of 40 nursing students to be accepted by El Camino College for instruction beginning next September.

Applications for acceptance in the program will be taken until May 16, Miss Margaret G. Brant, coordinator of nursing, announced. Final selection of applicants for the coming year will not be completed until late May or June.

The nursing coordinator said that 47 new applications have been received thus far, with an additional 86 prospective students making re-application. Each application is reviewed by representatives of the nursing department, counseling staff, registration office, and life science instructional staff before a decision regarding acceptance is made.

ABOUT one-half of the applicants for Spring, 1968, commencement, come directly to the college from high schools, Miss Brant said.

"Others," she pointed out, "are women in their late 20's through the age of 50 who, for one reason or another, have not been able to complete a nursing program. Some have worked in medical offices and want to enter nursing as a career."

To familiarize interested women with the El Camino nursing program, Iota Kappa Chi, campus nursing sorority, will join members of the nursing faculty in sponsoring a Future Nurses' Tea in January, Miss Brant announced.

"Last year," she recalled, "135 women attended."

"Prospective high school graduates interested in nursing are invited, as are any other women in the community who look to a possible career in this field," Miss Brant emphasized, indicating that information about the tea will be available through her office after January 1.

MRS. WALKER, enthusiastically accepted by the reviewing staff for her academic and other records, is the mother of two children, 3 and 8 years of age. Born in Santa Ana, she is a graduate of Oceanside-Carlsbad High School and of Stanford University, where she completed work toward the bachelor of arts degree in 1954.

The successful applicant has already completed courses in anatomy and chemistry at El Camino College, receiving grades of A in both courses.

Students who satisfactorily complete the program, of which Mrs. Walker is enrolled as eligible to write the state examination for the Registered Nurse license. Those who pass the state examination and thus become R. N.'s are prepared for employment as registered nurses.

THE COURSE of study is four semesters and two six-week summer sessions in duration. Like Mrs. Walker, many students complete some of the non-nursing courses prior to starting the sequence of nursing courses.

"This procedure," Miss Brant suggests, "is helpful for some students in making the transition from high school to college and for those who have been out of school for several years."

"Nursing," Miss Brant explains to applicants, "is a study major just as business, journalism and history. The nursing student is regularly enrolled as a full-time college student and therefore accepts all of the college student's privileges and responsibilities, including participation in extracurricular activities."

"Clinical experience in patient-centered nursing care is provided in the hospitals and health agencies of the community concurrent with classes in nursing theory at the college. Nursing faculty members of the college accompany students in the health agencies to provide direct guidance and instruction in learning to give nursing care. Students are individually responsible for their transportation to and from the college and health agencies," Miss Brant said.

STUDENTS who complete the program of study with an average grade of "C" or higher are qualified for the associate in arts degree. Mrs. Walker will be a member of the fifth graduating class to enroll in the relatively new program at El Camino College.

Miss Brant and five additional instructors comprise the nursing faculty. Questions regarding the college nursing program may be addressed to Miss Brant in care of the college, 16007 S. Crenshaw Blvd., El Camino College.

When Christmas gifts are opened, gather up gift wrappings immediately. Fold and put away any wrappings you may want to save and other paper, boxes, cords or ribbons should be gathered together and disposed of.
